Valrico, FL 33594

Dear Bob,

As the first High School athletics program to utilize Portable Golf Solutions I want to thank you for your support and guidance. We set a goal to raise funds for our football program, but also for Relay for Life, getting the players the opportunity to be involved in a service project.

The fund raiser was a success, and will carry over into Ocoee Football's first ever appearance as participants in the school's Relay for life on April 24th. We would also want to thank Richard Hall for arriving early and staying late and effectively molding a group of football players, coaches and parents into an efficient mini-golf course building and breaking down machine.

The Ocoee Knights football team looks forward to working with Portable Golf Solutions again.

Thank you,

Clint Moles
