Annual Program Lures Golfers Back

Event Directors Build Loyalty with by offering Swing Analysis CD Library

The driver is the most popular club in the bag of most golfers, so we start by videoing each golfer's drive. The tee is carefully selected under the direction of the club professional or the tournament director and care is taken not to interfere with the flow of the tournament.

Because we have found the CD-Swing Analysis to be so popular among golfers, we offer an annual scheduling. In subsequent years, with the same charity/corporate partner we may video short iron shots into a par-3 hole or chip shots around the green, sand shots and even putting.

This lures golfers back to next year's event and allows them to start a library of game improving
